PROXY STATEMENT

March 7, 2003

This proxy statement is furnished in connection with the solicitation by the Board of Directors of Schlumberger Limited (Schlumberger N.V.) (“Schlumberger” or the “Company”) of proxies to be voted at the 2003 Annual General Meeting of Stockholders. The approximate mailing date of this proxy statement is March 7, 2003. Business at the meeting is conducted in accordance with the procedures determined by the Chairman of the meeting and is generally limited to matters properly brought before the meeting by or at the direction of the Board of Directors or by a stockholder in accordance with specified requirements requiring advance notice and disclosure of relevant information.

The Schlumberger 2002 Annual Report to Stockholders is presented in the next section of this booklet. The Company’s Consolidated Balance Sheet as at December 31, 2002, its Consolidated Statement of Income for the year ended December 31, 2002 and the supplemental financial information with respect to dividends included in the Annual Report are incorporated by reference as part of this proxy soliciting material.

The Company will bear the cost of furnishing proxy material to all stockholders and of soliciting proxies by mail and telephone. D. F. King & Co., Inc. has been retained by the Company to assist in the solicitation of proxies for a fee estimated at \$10,500 plus reasonable expenses. Directors, officers and employees of the Company may also solicit proxies for no additional compensation. The Company will reimburse brokerage firms, fiduciaries and custodians for their reasonable expenses in forwarding the solicitation material to the beneficial owners.

Voting Procedure

Each stockholder of record at the close of business on February 20, 2003 is entitled to one vote for each share registered in the stockholder’s name. On that date there were 582,204,604 outstanding shares of common stock of Schlumberger, excluding 84,900,064 shares held in treasury.

Fifty percent of the outstanding shares, exclusive of shares held in treasury, must be present in person or by proxy to constitute a quorum for the holding of the meeting. Abstentions and broker non-votes are counted for determining the presence of a quorum but are not counted as votes cast in the tabulation of votes on any matter brought before the meeting.

Shares cannot be voted at the meeting unless the owner of record is present in person or is represented by proxy. Schlumberger is incorporated in the Netherlands Antilles and, as required by Netherlands Antilles law, meetings of stockholders must be held in the Netherlands Antilles. The enclosed proxy card is a means by which a stockholder may authorize the voting of shares at the meeting. It may be revoked at any time by written notice to the Secretary of the Company before it is voted. If it is not revoked, the shares represented will be voted in accordance with the proxy.

1. Election of Directors

It is intended to fix the number of directors at 10 and to elect a Board of Directors of 10 members, each to hold office until the next Annual General Meeting of Stockholders and until a director’s successor is elected and qualified or until a director’s death, resignation or removal. Each of the nominees, except Tony Isaac, is now a director and was previously elected by the stockholders. D. Euan Baird, a director from 1986 until his retirement on February 1, 2003 as Chairman of the Board and Chief Executive Officer, and William T. McCormick, Jr., a director since 1990, are not standing for reelection. Unless instructed otherwise, the proxies will be voted for the election of the 10 nominees

named below. If any nominee is unable or unwilling to serve, proxies may be voted for another person designated by the Board of Directors. The Board knows of no reason why any nominee will be unable or unwilling to serve if elected.

A majority of the votes cast is required to elect each of the nominees for director.

The Board of Directors Recommends a Vote FOR All Nominees.

Board and Committees

Schlumberger has an Audit, a Compensation, a Finance, a Nominating and a Technology Committee.

The Audit Committee is comprised of four independent directors as defined by the New York Stock Exchange's current listing standards. It assists the Board in fulfilling its responsibilities to oversee the Company's financial reporting process and monitors the integrity of the Company's financial statements, including the Company's accounting practices and internal accounting controls, and the independence and performance of the Company's auditors. The Audit Committee recommends for appointment by the Board of Directors, subject to approval by the stockholders, a firm of independent certified public accountants whose duty is to examine the Schlumberger consolidated financial statements. The independent auditors are accountable to the Audit Committee. Mrs. Stuntz is Chair of the Audit Committee. Ms. Gorelick and Messrs. Lévy-Lang and Primat are the other members.

The Compensation Committee is comprised entirely of outside directors who are responsible for reviewing the objectives and performance of the Chief Executive Officer and reviewing and approving the compensation of the Chief Executive Officer and the officers of the Company. The Compensation Committee also advises on general compensation and benefits matters and administers the Company's stock option plans. Mr. McCormick is Chair of the Compensation Committee. Messrs. Seydoux and Ullring are the other members.

The Finance Committee advises on various matters, including dividend and financial policies and the investment and reinvestment of funds. The Finance Committee periodically reviews the administration of the Schlumberger employee benefit plans and those of its subsidiaries. Mr. Lévy-Lang is Chair of the Finance Committee and Messrs. Gould and Lajous are the other members. Mr. Baird was a member until his resignation on February 1, 2003.

The Nominating Committee recommends to the Board the number and names of persons to be proposed by the Board for election as directors at the annual general meetings of stockholders. It may also recommend to the Board persons to be appointed by the Board or to be elected by the stockholders to fill any vacancies which occur on the Board. The Nominating Committee is responsible for monitoring trends in Board membership and other corporate governance matters and for recommending changes, as well as leading the Board's appraisal process. Mr. Seydoux is Chair of the Nominating Committee, and Mrs. Stuntz, Messrs. Deutch and McCormick are the other members. Mr. Baird was a member until his resignation on February 1, 2003. The Nominating Committee will consider nominees recommended by stockholders who may submit nominations to Chair, Nominating Committee, care of the Secretary, Schlumberger Limited, 153 East 53 Street, 57th Floor, New York, New York 10022-4624.

The Technology Committee advises the Board and senior management on various matters including the quality and relevance of programs dealing with scientific research, development, information and manufacturing technology and also advises on research strategy and university relationships. Mr. Deutch is Chair of the Technology Committee and Mr. Lévy-Lang is also a member.

During 2002 the Board of Directors held six meetings. The Audit Committee met five times; the Compensation Committee met three times; the Finance Committee met once; the Nominating Committee met four times; and the Technology Committee met once. All incumbent director nominees attended at least 80% of the aggregate of the meetings of the Board and of the committees of the Board on which such directors served.

Directors who are employees of Schlumberger do not receive compensation for serving on the Board or on committees of the Board. Board members who are not employees receive annual fees of \$40,000 each, annual stock awards of 500 shares of Schlumberger common stock and additional annual fees of \$10,000 as members of each of the committees on which they serve, except that the Chair of each Committee receives an annual fee of \$20,000, rather than the \$10,000 annual fee for committee service.

Audit Committee Report

The Audit Committee is comprised of four directors and operates under a written charter reviewed annually by the Board of Directors. All members of the Audit Committee are independent as currently defined in Section 303.01(B)(2)(a) and (3) of the New York Stock Exchange's listing standards. The Audit Committee assists the Board in fulfilling its responsibilities to oversee the Company's financial reporting process and monitors the integrity of the Company's financial statements and the independence and performance of the Company's auditors. During 2002, the Audit Committee periodically reviewed and discussed the Company's financial statements with Company management and the independent auditors, PricewaterhouseCoopers LLP, including matters raised by the independent auditors pursuant to Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee discussed with the Company's senior management and independent auditors the review of the Company's reporting and internal controls undertaken in connection with certifications by the Company's chief executive officer and chief financial officer pursuant to the Sarbanes-Oxley Act of 2002 in certain of the Company's filings with the Securities and Exchange Commission. The Audit Committee also reviewed and discussed such other matters as it deemed appropriate, including other provisions of the Sarbanes-Oxley Act of 2002 and rules adopted or proposed to be adopted by the Securities and Exchange Commission and the New York Stock Exchange.

The Company's independent auditors provided the Audit Committee with written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and we discussed the PricewaterhouseCoopers' independence with them.

We have considered whether the provision of services by PricewaterhouseCoopers LLP not related to the audit of the Company's financial statements and to the review of the Company's interim financial statements is compatible with maintaining PricewaterhouseCoopers' independence.

Based on the foregoing review and discussion, and relying on the representation of Company management and the independent auditors' report to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2002 filed with the Securities and Exchange Commission.

Pension Plans

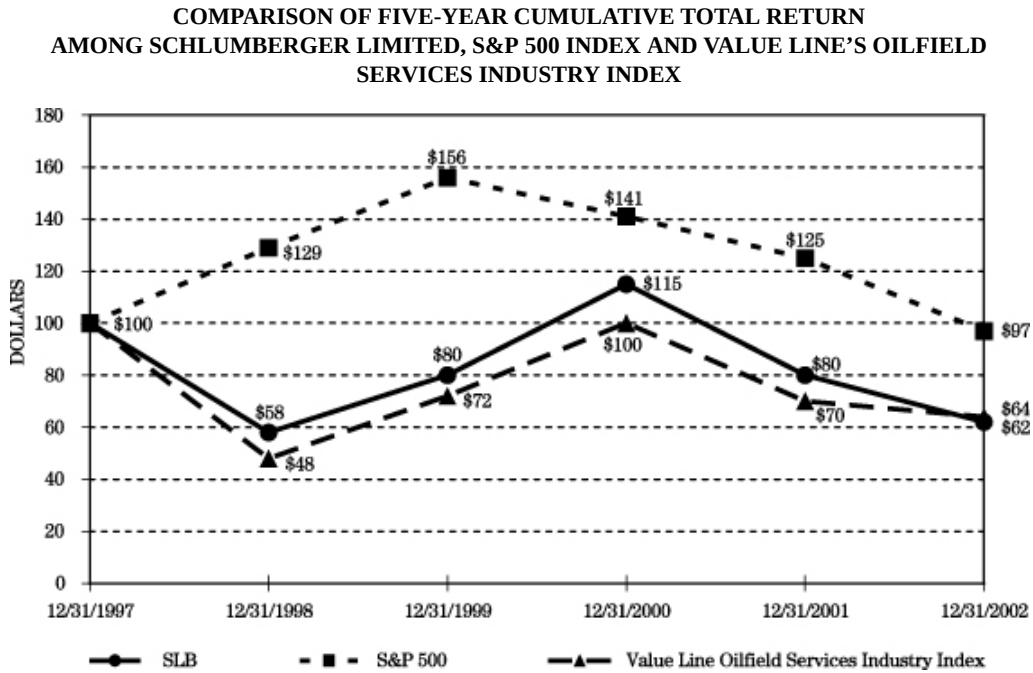

Schlumberger and certain of its subsidiaries maintain pension plans for employees, including executive officers, providing for lifetime pensions upon retirement after a specified number of years of service. Employees may participate in one or more pension plans in the course of their careers with the Company or its subsidiaries, in which case they become entitled to a pension from each plan based upon the benefits accrued during the years of service related to each plan. These plans are funded on an actuarial basis through cash contributions made by the Company or its subsidiaries. Certain of the plans also permit or require contributions by employees.

Benefits under the international staff pension plans of the Company and certain of its subsidiaries are based on a participant's pensionable salary (generally, base salary plus incentive) for each year in which the employee participates in the plans and the employee's length of service with the Company or the subsidiary. Since January 1, 1993, the benefit earned has been 3.2% of pensionable salary for each year of service. Benefits are payable upon normal retirement age, at or after age 55, or upon early retirement. Estimated annual benefits from these plans payable upon retirement are: \$37,052 for Mr. Baird, \$124,237 for Mr. Gould, \$12,338 for Mr. Perraud, and \$16,207 for Mr. Huck.

Benefits under the U.S. tax qualified pension plans of the Company and certain of its subsidiaries are based on an employee's admissible compensation (generally, base salary plus incentive) for each year in which an employee participates in the U.S. plans and the employee's length of service with the Company or the subsidiary. From January 1, 1989, the benefit earned has been 1.5% of admissible compensation for service prior to the employee's completion of 15 years of active service and 2% of admissible compensation for service after completion of 15 years of active service. The Company has adopted a supplementary benefit plan for eligible employees, including executive officers. Amounts under the supplementary plan are accrued under an unfunded arrangement to pay each individual the additional amount which would have been payable under the plans if the amount had not been subject to limitations imposed by law on maximum annual benefit payments and on annual compensation recognized to compute plan benefits. Estimated annual benefits from the plans payable upon retirement (assuming retirement at age 65) are: \$57,193 for Mr. Huck and, assuming admissible compensation continues at the December 31, 2002 levels, estimated annual benefits payable from the U.S. plans and the supplementary benefit plan are: \$740,795 for Mr. Baird; \$465,812 for Mr. Gould; \$296,907 for Mr. Pfister; and \$122,188 for Mr. Perraud.

Corporate Performance Graph

The following graph compares the yearly percentage change in the cumulative total stockholder return on Schlumberger common stock, assuming reinvestment of dividends on the last day of the month of payment into common stock of Schlumberger, with the cumulative total return on the published Standard & Poor's 500 Stock Index and the cumulative total return on Value Line's Oilfield Services Industry Group over the preceding five-year period. The following graph is presented pursuant to Securities and Exchange Commission rules. Schlumberger believes that while total stockholder return is an important corporate performance indicator, it is subject to the vagaries of the market. In addition to the creation of stockholder value, the Schlumberger executive compensation program is based on financial and strategic results and the other factors set forth and discussed in the Compensation Committee Report beginning on page 10.

Assumes \$100 invested on December 31, 1997 in Schlumberger Limited stock, in the S&P 500 Index and in Value Line's Oilfield Services Industry Index. Reflects reinvestment of dividends on the last day of the month of payment and annual reweighting of the Industry Peer Index portfolio.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board is composed entirely of outside Directors who are responsible for reviewing and approving the compensation, including base salaries and incentive awards, for the Chief Executive Officer and other executive officers. They are also responsible for reviewing and approving general compensation and retirement programs, as well as administering the stock option program for all employees.

Schlumberger's compensation philosophy is to pay for performance through competitive programs that relate directly to the Company's short and long-term goals, and to reward executives, managers and professionals who achieve these goals. Schlumberger's compensation program has three basic components: base salary, annual cash incentive awards and stock option grants. In line with Schlumberger's philosophy that annual cash compensation varies with Company performance, base salaries are targeted at the average of the competitive market with cash incentive awards based on individual and Company performance. This combination of base salary and cash incentive is targeted between the 60th and the 75th percentiles of the competitive market in years of strong performance. The addition of stock option awards over a career further enhances compensation commensurate with the Company's long-term performance.

Base salaries are reviewed annually against competitive company information provided by outside compensation consultants. The companies in the databases are from industry segments in which Schlumberger competes: Oilfield Services and Information Technology. There are changes in the survey companies each year due to mergers and acquisitions, as well as the normal movement in and out of the surveys at the companies' volition.

The competitive market used for compensation analyses differs from those in the Corporate Performance Graph (the Value Line Oilfield Services Industry Index).

While executive officer base salaries are reviewed annually, they are adjusted less frequently. Except for significant changes in responsibility, the cycle for base salary change is typically three to five years. This less frequent change of base salary emphasizes the at-risk portion of variable compensation.

Significant changes in responsibility in 2002 included: Mr. Gould was appointed President and Chief Operating Officer with a base salary of \$1,000,000, Mr. Perraud became Executive Vice President and Chief Financial Officer with a base salary of \$450,000, and Mr. Huck was appointed Vice President QHSE and Industry Affairs with a base salary of €382,000 (\$357,000).

Annual cash incentive awards for each executive officer are payable early in the calendar (fiscal) year and reflect performance against targets or objectives in the preceding year.

The incentive targets of the named executive officers range from 60% to 100%, reflecting the level of responsibility of each position. The incentive awards are calculated as a percentage of base salary and in years of exceptional results may exceed the incentive target.

One half of the incentive for each executive is based on achievement of financial objectives of the Company or the business sector for which the executive has responsibility. Messrs. Gould, Pfister and Huck assumed new positions during 2002, so their objectives are a combination of Company and business sector financial goals. Mr. Perraud's incentive is based on the Company's financial objective.

The second half of the incentive relates to objectives that are specific to the executive. These objectives may be strategic or personal and may relate to one-year goals or be interim measures against

longer-term objectives. The evaluation of achievement of these objectives is discretionary and subject to the approval of the Committee.

None of the four named executive officers received a payout on the financial half of their incentive for 2002.

The second half of the incentives for Messrs. Gould and Perraud were based on the overall performance of the Company in 2002. The second half of Mr. Pfister's incentive was based on progress toward the achievement of specific financial and business objectives for SchlumbergerSema. The cash compensation of Messrs. Gould, Perraud and Pfister is below the median of the comparator market. The second half of Mr. Huck's incentive was based on specific business and functional objectives. His cash compensation places him above the median of the comparator market.

Stock Options grants are awarded on a discretionary basis to eligible employees who demonstrate superior performance in their current position, as well as the likelihood of continued high-level performance in the future. Stock option grants are generally awarded on an 18-month cycle with additional grants awarded to recognize promotions, substantial changes in responsibility, individual or team achievements and other special circumstances.

The stock option grants awarded by the Company are normally uniform in their terms for all employees: 10-year term; vesting of 20% each year following the date of grant; option price equal to fair market value on the date of grant. In particular circumstances the Company grants awards with different vesting schedules.

Messrs. Gould, Pfister, Perraud and Huck received a stock option grant in April 2002 as part of a general grant.

Section 162(m) of the Internal Revenue Code limits the deductibility of certain compensation expenses in excess of \$1,000,000 per individual. The Committee does not believe that the cash compensation payable in excess of this amount for fiscal year 2002 will result in any material loss of tax deduction. Therefore, the Committee has elected not to follow the provisions of Section 162(m) with regard to cash compensation. The Company's stock option plans are believed to be in compliance with the provisions of Section 162 (m).

Compensation of the Chief Executive Officer

The Compensation Committee reviews and approves the objectives and the performance of the Chief Executive Officer, and sets his compensation subject to Board review.

Mr. Baird participated in the same compensation plans that are provided to other executives, management and professional employees in Schlumberger. Mr. Baird's base salary of \$1,500,000 was set in 1997 and has not been revised since. The annual incentive range for Mr. Baird was 100% of base salary.

One-half of the 2002 incentive award was based on earnings per share goals, which were not achieved. Mr. Baird did not receive any payout for the financial half of his incentive.

The second half of the award reflects the Committee's evaluation of Mr. Baird's performance against strategic and business objectives established early in calendar 2002. These specific objectives were a combination of business development, divestitures and financial goals. Disclosure of these objectives could adversely affect the Company's competitive position.

The cash incentive awarded Mr. Baird for 2002 was \$450,000. Mr. Baird's total cash compensation for 2002 places him below the median of the comparator market.

The Compensation Committee, in recognition of Mr. Baird's long-term strong contribution to the strategy and performance of the Company during his 16 year term as Chief Executive Officer and his anticipated tenure, awarded him a stock option grant (250,000 shares) in January 2002 that vested fully in one year.

In October 2002, the Board of Directors accepted the resignation of Mr. Baird from the Company effective February 1, 2003, as Chief Executive Officer, Chairman of the Board and Director, and determined that he would be succeeded by Mr. Gould. Mr. Baird had no employment agreement with the Company and as of February 1, 2003, has no continuing employment relationship or consulting contract with the Company.

As Chief Executive Officer Mr. Gould's base salary is \$1,500,000, which places him in the third quartile of the comparator market for base salaries. His incentive range is 0-100%. On January 15, 2003, the Compensation Committee awarded Mr. Gould a stock option grant of 300,000 shares with a 10-year term, vesting 20% each year following the date of grant.

Mr. Gould has no employment agreement with the Company.
